### Global Situational Awareness

Iranian-U.S. relations currently remain problematic, with several issues at the forefront. These include the Iranian nuclear program; Iranian activity in Iraq, Syria, Lebanon, Yemen, et al; threat related intelligence about possible attacks on U.S. interests; Iranian military activity; and various actions against maritime commerce in the region. The latest developments on 04 January include IAEA confirmation that Iran has started to enrich Uranium to a higher level, and Iranian seizure of a South Korean tanker.

Babel Channels provides dedicated Iranian news coverage with topic specific channels for awareness and insight into important issues such as the Iranian nuclear program; regional military activity; threats and posturing; diplomatic activity; and domestic affairs.
